

A FISTFUL OF CARDS

Official expansion for **BANG!**

Contents

15 cards, rules.

The game

The game proceeds as normal **BANG!** with these changes: the Sheriff shuffles these cards separate from the regular cards face down and puts *A Fistful of Cards* on top.

Then he puts this stack face up near himself.

Starting with his second turn, before the Sheriff takes his turn, he removes the first card off the stack (taking care so that only the next card is revealed).

He reads the card aloud, and then puts it in the centre of the table creating a "Fistful of Cards" pile.

The card on top of this pile is now in play, and players must follow its effects until it is covered by a new card.

"At the start of his turn" means the card takes effect **before any other action**.

A Fistful of Cards stays in effect until the game ends.
